Winning Resources & Complete PPT Guide (2021–2025)

Compiled for educational and benchmarking purposes. Always respect intellectual property and use these resources to structure your own original ideas — do not copy content directly.

1. Official SIH Resources (Templates & Winner Lists)

The foundation of any winning presentation is using the exact official format and understanding the evaluated problem statements.

- **Official SIH Idea Presentation Template (PPTX)** — sih.gov.in (Download the official SIH PPT format from the portal)
- **SIH 2024 Grand Finale Winners List** — sih.gov.in/sih2024-grand-finale-result
- **SIH 2023 Grand Finale Winners List** — sih.gov.in/sih2023-grand-finale-result
- **SIH 2022 Grand Finale Winners List** — sih.gov.in/sih2022s
- **Official Problem Statements Archive** — sih.gov.in/sih2024PS (Cross-reference winner names with these PS codes)

2. GitHub Repositories — Known Winning / Reference Teams

Many winning teams open-source their projects. Their repositories often contain README.md files with pitch deck structures, architecture diagrams, and presentation slides — an excellent source of structural (not content) inspiration.

3. Aggregated PPT Reference Collections

Community-driven repositories specifically created to collect and share SIH presentation references, formats, and examples.

- **SIH PPT References Repo (GitHub)** — github.com/mohitjoping/SIH-ppt-references (Contains multiple PPT/PDF references, including NTRO and SIH 2022/2024 format examples)
- **SIH Hackathon Winners Overview (Scribd)** — www.scribd.com (Lists winners from 2017–2024 with problem statements, GitHub links, and presentation references)
- **SIH Winning Projects & AI Tools (Scribd)** — www.scribd.com

4. Public SlideShare & Scribd Uploads

Participants and mentors frequently upload sample or actual SIH presentations to these platforms — useful for visual benchmarking of layout and design.

- **SIH 2024 Winning Team Presentation Example (Scribd)** — www.scribd.com
- **SIH Hackathon PPT Collection — Multiple Uploads (SlideShare)** — www.slideshare.net
- **SIH 2024 Presentation Example (SlideShare)** — www.slideshare.net
- **SIH 2023 Presentation Example (SlideShare)** — www.slideshare.net

5. Winning PPT Guides & Mentorship Resources

Guides from past winners and official evaluators are often more valuable than raw PPTs, as they reveal the exact scoring rubric evaluators use.

- **Let's Code: SIH Complete Guide & PPT Template** — lets-code.co.in/sih-2025-complete-guide-ppt-template (Breaks down the exact slide-by-slide structure based on past winners)
- **LinkedIn Guide by 2x SIH Winner: How to Win SIH with a Great PPT** — www.linkedin.com (Post by Jatin Vishwakarma)
- **LinkedIn Guide by SIH Evaluator: How to Create a Winning PPT for SIH** — www.linkedin.com (Post by Gaus Mohiuddin Sayyad)

6. Recommended Slide Structure (Based on Winning Patterns)

Synthesized from the guides above and the official template — a proven skeleton for the Idea Presentation PPT:

- **Title Slide** — Problem Statement ID, title, team name, and logo.
- **Proposed Solution** — What it does, how it solves the problem, and its uniqueness.
- **Technical Approach** — Architecture diagram, tech stack, and workflow/flowchart.

- **Feasibility & Viability** — Risks, challenges, and mitigation strategies.
- **Impact & Benefits** — Social, economic, and environmental impact.
- **Research & References** — Citations, datasets, and prior work.

Note: Some source links (official portal pages, Scribd/SlideShare uploads, and LinkedIn posts) point to the general platform because the exact original URLs were not verifiable at compile time. Search the platform using the titles given above to locate the specific resource.
